Battling
neuromuscular disease

Travel route:

Kelowna to Vancouver

**Started travelling
with Hope Air:**

2022

Number of trips:

5 lifetime trips

Hope Air's commitment is to ensure that no patient in need is left behind when it comes to accessing vital medical appointments.

We achieve this by offering four core programs to assist patients and their escorts with free Airline Travel, Hotel Accommodations, Meal Vouchers and Ground Transportation.

We only have two main criteria for assessing applications for the travel request:

- ✓ Confirmed medical appointment covered under the provincial health plan and supporting documentation
- ✓ You are in financial need to cover the cost of travel to medical appointments far from home
